### 3. Fixing and basic edits

The image shows a mobile application interface for photo editing. On the left side, there is a vertical list of filter categories and individual filter thumbnails. The categories are: 'Basic', 'Boost', 'Soften', 'Black and White', 'Dark Edges', 'Frost', 'Sepia', 'Camera Look', and 'Dark Ultraviolet'. Each filter thumbnail includes a small preview image and a 'New' badge. At the bottom of the filter list, there are icons for 'Save' and 'Upload'. The main area on the right displays a large photo of a beach at sunset, with two people standing in the shallow water. The text '4. Throw in some effects' is overlaid on the bottom right of the photo. At the very bottom of the screen, there are navigation arrows and a 'More' link.

## Photographer's Block

Find:

- Something alive
- inside of something
- Something with only 2 colors
- Something striped
- Something soft
- Something rough
- a number
- find a face
- find a surprise!
